Timberlake will discontinue the Yellowstone® collection effective September 5, 2017.

BACKGROUND

Once an original design, the Yellowstone® collection's purpose in the Timberlake product offering has been supplanted by other Shaker door styles like the New Haven® and Sonoma® collections. As a result, Timberlake will discontinue the Yellowstone® collection in September 2017.

All discontinued items will be removed from Timberlake® marketing collateral and 2020 catalogs in Summer 2017.
